# PRODUCER FEATURE

## Aseginolaza y Leunda, Pamplona, Navarra

Pedro M. Leunda and Jon Aseginolaza are two locals to San Sebastian who have been firm friends since childhood. Both are infused with the gastronomic traditions of their hometown and although both are marine biologists, it was only a matter of time that their paths would lead them to the vineyard. Their love of wine is infectious. Their vineyards are all non-irrigated, old bush-vines and are scattered across the south-western area of Navarra, and are tended, pruned, hoed and harvested by hand by Pedro, whilst Jon is the minimal intervention winemaker.

These wines have had several rave reviews recently so supplies are very limited.

### ROSÉ

#### 53 2023 Arrossa (Available by the glass)

100% Garnacha. A new wine with elegance and finesse. Pale pink in colour, fresh, vibrant and fragrant with a white wine structure and glorious crisp, red fruits and saline notes on the finish.

### RED

#### 42 2022 Birak (Available by the glass)

90% Garnacha, 10% Tempranillo. Tim Atkin review of 2022 Birak, 92 points: An exuberantly fruity wine full of red cherry and rose. And despite its precise acidity and chalky lift, it is from the riper 2022 vintage so lacks nothing in intensity.

#### 53 2022 Kauten

A gorgeously lifted, bright, red-fruited aromatic wine from 15 year old Garnacha vines. If there ever was a poundable Navarra red with serious quality, this is it.

#### 53 2022 Matsanko

70% Garnacha, 30% Tempranillo. More purple than red, it emits fragrant lavender with wild purple thyme blossoms and dark green leaves.

#### 75 2021 Camino de Santa Zita (Available by the glass)

Single vineyard, pure, old-vine Garnacha. Complex, floral and herbaceous, with a fine structure in the mouth, almost ethereal, but with depth that is complemented by its freshness and acidity.

#### 76 2021 Camino de Otsaka

100% Garnacha from a tiny vineyard in Barásoain. Spicy and herbal wine with a hint of dry rose. Plenty of energy in the mouth, with tannins that highlight the fruit and a subtle minerality.
